Citizens' Committee Endorses Candidates

W. C. Adams Selected from Field of Eight Candidates
As Committee's Choice for Selectman—Slate Is
Selected at Lively Session Held Monday Evening—Harris Criticizes Chairman Cutler

At a meeting marked by lively discussion during which George A. Harris, candidate for selectman, hurled a verbal attack at Chairman Felix V. Cutler over methods of selecting candidates for endorsement, the Citizens' committee Monday evening selected the slate of candidates whom it will endorse at the annual town election on March 6.

The slate was presented by a sub-committee comprising Mrs. Charles A. Alden, Edward Kelly, Charles M. MacMillan and Russell K. Jewett, who reported that it had studied the qualifications of each office seeker. In practically all cases, present office holders seeking re-election, received the endorsement of the Citizens' group.

Eagerly awaited however was the Citizens' Committee choice for selectman. Although it did not come as a surprise, since it had been predicted for several weeks previous to Monday's meeting, the endorsement of William O. Adams for the board of selectmen, definitely set at rest recent rumors that one of the other seven candidates seeking the same office might be selected as the Committee's choice.

Those endorsed by the Citizens' Committee for major offices are: Earl A. Ryder, present incumbent, for town clerk; Charles A. Hardy, who seeks re-election as town treasurer, an office which he has held for eighteen years; Mr. Adams for selectman; James R. Smith, who has served nine years on the board of public works and who seeks re-election to the

Meetings Set For Taxpayers

Town, county and state government expenses as they affect the tax rate in Arlington will be discussed by several speakers at a series of public meetings to be held in various parts of the town under the auspices of the Arlington Taxpayers' association.

The schedule of meetings for next week follows: Price School, Feb. 3; Heights Branch library, Feb. 7; Brackett School, Feb. 8; Parmenter school, Feb. 10. In arranging several meetings instead of one big mass meeting, the association plans that open discussion on matters of individual interest will be encouraged.

Speakers will include Charles M. Sawyer, Martin R. Durkin, Professor Warren Seavey, G. Bertram Washburn, and a representative of the state federation.

Cobbler Found Dead in Shop

Arakel Mouradian, East Arlington shoemaker, was found dead in his shoe repair shop at 250 Massachusetts avenue Sunday. Alarmed over the absence of the seventy-one year old man who had not been seen since Wednesday night of last week when he closed his shop, the operator of a nearby store telephoned the police on Sunday.

Police officers gained entrance to the shop to investigate and discovered the body. Mr. Mouradian had died of a cerebral hemorrhage. Medical examiner Greene and a daughter of Mr. Mouradian, living in New Britain, were notified and the body was removed to the Hartywell Funeral Home. Funeral services for Mr. Mouradian were held Wednesday with burial in Mt. Hope cemetery, Boston. A native of Turkey, Mr. Mouradian had lived in Arlington ten years. He was the husband of the late Sadie (Nazarian) Mouradian.

Arrested after Truck Crashes into El Bus

James F. Gaffney of 103 Church street, Winchester was arrested by local police Tuesday afternoon on charges of drunkenness and operating under the influence of liquor, after the truck which he was driving had crashed into a Boston Elevated bus at Massachusetts avenue and Mystic street.

No one was injured in the crash although the bus which was being operated by Carey Gogian of Medford, was slightly damaged and the front wheel on the truck became locked so that it had to be towed to a garage.

PROCLAIM 'AMERICANISM WEEK'

The board of selectmen, at the request of Arlington Lodge of Elks, has designated the week of March 1-8 as "Elks Americanism Week," according to a proclamation from the selectmen received by Attorney Martin R. Durkin, chairman of the Elks' committee in charge.

The proclamation follows: "WHEREAS: The Arlington Lodge of Elks, in accordance with the request of the Grand Exalted Ruler, Dr. Edward J. McCormack, will observe 'Elks Americanism week' from March 1 to 8, 1939, and

"WHEREAS: They believe that Americanism is the only 'ism' that should be observed in this country, and

"WHEREAS: The Arlington Lodge will make strenuous efforts during that week to offset the teaching of other 'isms' and to bring home to the people of Arlington the necessity for greater devotion to the principles upon which this Government is founded, and

"WHEREAS: Arlington Lodge hopes that the various civic and fraternal organizations will join with it in observing 'Americanism Week,' and will be pleased to supply speakers on the subject of 'Americanism' at any meeting conducted by these associations

"THEREFORE: The Arlington Board of Selectmen at its meeting held Monday, January 23, 1939, voted: To cooperate with Arlington Lodge of Elks by proclaiming the week of March 1 to 8, 1939, as 'Elks Americanism Week'.

To urge the community in general to join with the Arlington Lodge in spreading forth the sound principles of 'Americanism' in order to combat the insidious foreign propaganda that is being spread throughout the country. And to ask that the residents and citizens of the Town support this movement as both a civic and a patriotic duty.

Seven Now Out For Selectmen

At least three more candidates tossed their hats in the political ring this week when John B. Byrne of 17 Chestnut street took out nomination papers for selectmen; Robert H. Gutteridge, of 41 Webster street, for tax collector; and Edward D. Gaw, of 24 Robbinhood road, for the planning board.

Mr. Byrne's intentions to run for selectmen brought to seven the number of candidates out for the three-year term on the board of selectmen.

Elks' Americanism Week, March 1 to 8

Arlington Lodge of Elks, in accordance with the request of Grand Exalted Ruler Dr. Edward J. McCormack, will observe "Elks Americanism Week" from March 1st to 8th.

Storm Costs Town \$6,200

Working under the direction of Superintendent Edward O'Brien of the public works department, 250 men were employed by the town this week in the gigantic task of clearing streets of a five-inch snowfall.

The cost to the town of labor and truck hire for this storm, up to midnight Wednesday, was \$6,200 with the job still unfinished although local streets were well plowed and the business section has been entirely cleared of snow. As many as 200 were employed at one time. The first crews tackled the job of plowing early Monday. Two snow loaders and several trucks were put into use, after plowing was finished to remove snow from the business section.

Kiwanis Card Party Feb. 15

Plans are progressing favorably for a bridge and whist party to be conducted by the Arlington Kiwanis club at the American Legion hall on Wednesday evening, February 15.

This will be one of the big events of the year for the Kiwanians and their friends. In addition to the many valuable prizes which will be awarded during the evening to those having secured tickets for the "Millionaire" Party, there will be several attractive attendance prizes.

The grand door prize will be a five tube Philco Radio donated by the Avery Radio Service at 1203 Massachusetts avenue, Arlington Heights.

Allan E. Cowie is chairman of the committee in charge and promises a most enjoyable evening to all who attend. Tickets for the card party may be obtained from members of the club.

Current Events Talk

Professor J. Anton DeHaas of Harvard University will be guest speaker in the current events forum under the auspices of the Arlington school department at the senior high school next Monday at 8 o'clock. The lecture is open to the general public and, because of the everchanging developments in international affairs, next Monday's talk should be well worth hearing.

New 30-Miles-Per-Hour Speed Limit Ordered

Board Of Selectmen Takes Drastic Action following
Fifth Automobile Fatality within Two Months—
New Rule Becomes Effective Next Sunday—Law
Will Be Strictly Enforced, Police Chief Warns

Determined to reduce the number of automobile accidents in Arlington, the board of selectmen at the request of Chief of Police Archie F. Bullock has ordered a new speed limit of thirty miles per hour on all streets and highways within the town. The new order goes into effect next Sunday and will be strictly enforced, Chief Bullock told the N.W.S.

The selectmen's action was taken Monday evening, a few hours after the death at the Symmes hospital of a pedestrian who had been struck by an automobile on Broadway Sunday evening. This week's automobile fatality was the fifth in Arlington within the last two months. Four of those killed by

automobiles were in December and January were pedestrians.

Signs warning motorists of Arlington's new speed limit will be placed at all entrances to the town, Chief Bullock said this week. No extra police officers will be put on duty to enforce the new speed limit, but motorists are warned of speed traps.

While Arlington's new speed limit may be considered drastic, it was pointed out that several Massachusetts cities, including Worcester, have recently set a speed limit of 25 miles within their boundaries. Traffic lights on Massachusetts avenue are set for a speed of 20 miles per hour, it was further pointed out, so that those who drive along the avenue at this rate of speed will not only be within the law but will experience little inconvenience in waiting for traffic lights to change. Massachusetts avenue has been particularly dangerous in the past because of racing autos driven by motorists who try "to beat the lights."

The number of automobile accidents has been reduced noticeably in all cities where lower

Zone Hearing Set For Friday

Two proposals affecting local zoning will be given a hearing at the Robbins town hall next Friday evening at 7:30 o'clock. The hearing, called by the planning board, is advertised in another page of the NEWS and the two proposals are described in full. One would increase the lot restrictions in the single and general residence districts and the other would create a special apartment house district near, but not a part of, existing business districts.

Harold C. Knight, chairman of the planning board will preside.

Harris Calls Cutler
"Political Dictator"

In a statement to the press, George A. Harris, candidate for the office of selectman, accused the chairman of the Citizens Committee, Felix Cutler, of being a "dictator," and of making promises to back a certain candidate before any had announced the candidacy.

Mr. Harris stated, "I am a Citizens Committee member, and a member of its Board of Directors, and have worked hard for the committee on many of its sub-committees, as either chairman or member, because I believed in the principles and aims of a non-partisan organization in Arlington. But the Committee's actions this year, have conclusively disclosed the fact that it is not non-partisan, but definitely partisan, and that the chairman is a virtual dictator as to whom will be endorsed for any office."

"The Citizens Committee has gone along in the past, suffering defeat, because one man can dictate its actions, and can instruct all committees he appoints, so that he, and the alone, controls all endorsements and actions. This chairman has come to think that the political power of Arlington is his property, and that it is a sort of insolence for any citizen or group of citizens to aspire to any part of that power. The voters have nothing to say. They are hoodwinked into believing that their best interests are being served. When only forty or fifty voters meet under controlled direction, to endorse candidates, what consideration is given to the views and opinions of the 19,000 citizens voters whose representative the candidate is to be? What could be worse for town government than a situation like this?"

"To lodge all power in one group and keep it there is to insure bad government, and the sure and gradual deterioration of public morals. The Citizens Committee states, by the action of its by-laws, that when it chooses a candidate, that endorsement is final. If it chooses unwisely, that is a misfortune, but, it says, no loyal member of the committee has any right to withhold his vote from the endorsed candidate."

"Mr. Cutler remarked at Monday's meeting, and it is a part of the records, that 'this was the first time the committee had, in its history, ever endorsed a Democrat for selectman' and in the next sentence he said, 'I approached Mr. Harold N. Anderson, and told him that if he ran for the office of selectman, he would be given the endorsement of the committee.' And Mr. Anderson is a Republican. The inconsistencies of Mr. Cutler's remarks show his state of mind. He, and he alone, it seems, has taken it upon himself to endorse the candidate this year. The authority is a moot question, and I would be glad of an opportunity to debate the question with Mr. Cutler, publicly, at any time and any place he may choose."

"My interests are always and only for the welfare of the town of Arlington. We, the citizens and voters, must not submit to dictatorship of any sort, in the conduct of those who would control our town, or its officials, or its people. It is interesting to recall that in the case of the three previously elected selectmen, dictatorship methods were tried, and went down to defeat as they deserved."

New Speed Limit
(Continued)

speed limits have been established, Chief Bullock states.

In Sunday night's accident, Thomas Arcusi, 48, of 145 Thorn-dike street was struck and injured by an auto operated by Francis Ludwig, of 5 Willow place. The accident happened in front of 92 Broadway and police were summoned by Edward Galucci, of 80 Broadway. Patrolman Charles Scannell drove the police ambulance to the scene and Mr. Arcusi was removed to the Symmes hospital where he died the following evening. Medical Examiner J. A. Greene pronounced death due to a fractured skull. Inspector Charles Sullivan of the Registry of Motor Vehicles as well as Lieutenant Thomas Sullivan and Inspector Edward Sullivan of the local department investigated the accident.

Funeral services for Mr. Arcusi were held yesterday and burial was in Mt. Pleasant cemetery.

Mr. Arcusi was a native of Italy and lived here twelve years. He was the husband of Mrs. Angela Acustino and was employed by the Town of Arlington.

Another Pedestrian Hit

Two other pedestrians were injured Sunday night while crossing Park avenue at Paul Revere road. They were Mrs. Laura Bagley and her daughter, Ruth, 16, of 94 Quincy street. They were taken to the Symmes hospital by Thomas F. Waters of 14 Oakdale street, operator of the car involved. Both mother and daughter suffered contusions.

In another accident Wednesday afternoon, in front of 1305 Massachusetts avenue, Mrs. Ar-these LaBelle of Fitchburg suffered injury to her right arm when the car operated by Arthur Murray of Lexington.

Three minor automobile crashes were reported Monday. In one of these accidents, Frederick A. Mottram of Tyngsboro escaped injury when his car skidded on Mystic street and crashed into a fence owned by the Metropolitan District commission. The fence which was badly damaged, prevented the auto from rolling down an embankment.

Parents' Night at the Heights Is Successful

The annual Parents' Night program sponsored by the Bible School of the Arlington Heights Baptist Church Friday evening proved to be an outstanding affair. The pupils of the Bible school were hosts to their parents and friends. Following the words of welcome given by the pastor, Rev. W. E. Bridge, a male quartet from Somerville, sang a group of four Gospel numbers, after which the Rev. Edwin K. Gedney, professor in Gordon College, Boston, and pastor of the Advent Christian Church, Somerville, gave a challenging message.

Ice cream and cake were served by the committee in the church vestry following the service.

"Americanism Week"
(Continued)

The board of selectmen at its meeting Monday night, voted to co-operate with Arlington Lodge of Elks by designating the week of March 1-8 as "Elks' Americanism Week" and urges the community generally to join with Arlington Lodge in spreading the sound principles of "Americanism" in order to combat the insidious foreign propaganda that is being spread throughout the country.

Arlington Lodge hopes that various civic and fraternal organizations will join with it in observance of "Americanism Week" and will be pleased to supply speakers on the subject of "Americanism" at any meeting conducted by these associations.

Speakers for these occasions can be obtained by contacting Henry G. Wilton, Exalted Ruler.

Plans are being made by Ida F. Butler Rebekah Lodge to hold a Penny Sale after its meeting next Monday evening.

Cites Importance of Having Experienced Man As Tax Collector

February 1, 1939

To the Editor:

Henry F. Long, Commissioner of Corporations and Taxation, has declared that: "More money is lost by inexperienced tax collectors than by any other form of waste." Consequently, the position of Tax Collector of a town requires experience and a thorough knowledge of the duties of this office. I feel that I have gained this knowledge by my apprenticeship to Mr. Edward A. Bailey, the present collector, who

J. WILBERT ANDERSON

is retiring shortly. My purpose in this letter is to acquaint the citizens of our town with the responsibilities of their Collector of Taxes.

Our largest receipts are from Real Estate and Personal taxes, this amount being in the vicinity of two million dollars. Street, Sewer and Sidewalk Betterments, Motor Vehicle Excise, Poll taxes, Water Rates and Departmental receipts bring the total to approximately two and one-half million dollars. The Collector is personally responsible for the collection of these taxes.

Every account must be kept accurately and systematically to insure efficiency, as they are subject at any time to inspection by the State Division of Accounts and it is imperative that they be correct.

The Collector must make out tax bills and, if the latter are delinquent, collect interest as specified by State Law. He must also issue demands and various notices and is firmly obligated to take all necessary legal steps to enforce the collection of all taxes, interest and costs.

When Real Estate taxes are not paid after a demand has been issued, the Collector must proceed to make a Tax Taking. These liens on the property are termed Tax Titles and the Collector must make out a deed for each lot and have it recorded at the Registry of Deeds and then turn these accounts over to the Town Treasurer. Tax Takings constitute one of the most important duties of the office and the Collector must be well versed in the legal procedure of Tax Takings, as well as every other law regarding taxes.

The voters who elect their Tax Collector will insure efficiency and honesty by keeping a man there that knows his duties thoroughly.

Yours truly,

J. Wilbert Anderson

Lowe Reported Waging Winning Fight Against Recent Serious Illness

The many friends of George H. Lowe, Jr., chairman of the board of selectmen, will be glad to know that he is putting up a good fight against his present illness.

Stricken two weeks ago with a severe case of intestinal influenza Mr. Lowe has made his usual hard battle to win. While it is not generally known, Mr. Lowe is handicapped in his fight by the fact he still carries a piece of shrapnel in his body, the result a severe wound received in action during the world war. For his heroism on this occasion the French Government awarded Mr. Lowe the Croix de guerre, and the American Government awarded him the medal of the Order of the Purple Heart.

Mr. Lowe's condition will not permit him to take a very active part in his present campaign for the office of Town Treasurer, and he is depending upon his many friends to carry on for him during his convalescence. Mr. Lowe asked to express his personal thanks to the many thousand citizens who have signed his nomination papers.

The Lowe campaign committee has had several meetings and report an enthusiastic acceptance of Mr. Lowe's candidacy for town treasurer in every section of Arlington. The work of organizing a strenuous campaign for Mr. Lowe is going on and during the coming week a general meeting will be held. All those interested in assisting him will be invited to attend this meeting, notice of which will be made in next week's local newspapers.

Knights of Columbus Initiate Next Tuesday

Arlington Council number 109, Knights of Columbus at their next meeting in Odd Fellow's Hall, Tuesday, February 7 will initiate a large class into the first degree of the order.

Charles Sheehan, chairman of the study club, will outline the plans and schedule of the club at this meeting.

Following the degree, Lecturer Seretto and William F. McManus have arranged a luncheon for the candidates and members.

ZONTA CLUB NOTES

The evening meeting of the Zonta Club was held January 26, at Seiler's 1775 House. Miss Bernice H. Holmes, executive secretary of the Arlington Community chest Inc., was welcomed into membership.

Dean Moore, director of the Arlington Boy's Club was the guest speaker and explained the work of the club. A question period followed.

Mrs. Bertha Murphy is planning a penny sale to be held sometime in March or April in order to earn the balance of the budget so that the club may carry on the work of the Eye Clinic in the Arlington public schools.

Thursday evening, February 9, the club will hold its birthday party at the Old House in Lexington.

GREENLAW-McAULLEY

In the presence of their immediate families, Mrs. Mildred F. McAulley of 4 Florence terrace and George W. Greenlaw, local builder, will be united in marriage at 4 Florence terrace this evening at 7 o'clock. Rev. Clifford O. Simpson, of the Park Avenue Congregational church, will perform the ceremony.

Following a wedding dinner, Mr. and Mrs. Greenlaw will leave for the West Indies and South America.

Immediate relatives who will attend include Mr. and Mrs. Henry Doane of Wayland; Mr. and Mrs. Arthur Smart of Arlington; Mr. and Mrs. George W. Greenlaw, Jr.; Mr. and Mrs. Warren Dean and Elton Greenlaw.

Local Young Men Are Honored by B. C. Class

Two Arlington young men, seniors at Boston College, were honored recently in the annual poll of opinion, conducted by the "Sub Turri", college yearbook, among members of the graduating

class. John E. "Spike" Cronin, Jr., of 19 Magnolia street, was chosen as the "class song bird". Mr. Cronin is well-known to Arlington having appeared as a guest soloist at the Arlington NEWS' Modern Home Institute in the Robbins town hall the last two years. George Norberg, also of

Arlington, was selected as the class' best dresser.

Helen Hayes was picked as the class' favorite actress and Bing Crosby's radio program as tops

Arlington's Movie-Goers Pay \$11,832 Taxes Yearly

The 61 direct and hidden taxes included in the price of the average movie ticket drain more than \$11,832 annually from Arlington's 6,800 movie-going families, a survey by the National Con-

sumers Tax Commission declared today.

"More than 16 percent of the price of the average admission ticket is due to the imposition of 41 federal and 20 state and local taxes," the survey stated.

Even in the enjoyment of their leisure, the American family cannot throw off the stifling pressure

of their enormous tax load. The cost of food, clothing, rent, automobiles and cosmetics is likewise drastically increased by direct and hidden taxes. And these levies are already equal to 23.6 percent of the national income.

ZONING CHANGES

For some time it has been apparent to those who have made a study of the housing situation in Arlington that some changes in our zoning laws are desirable.

A hearing on proposed changes in zoning, to be held next Friday evening at the Robbins town hall, will give the people an opportunity to consider the following important changes: "Creation of a special apartment house district near, but not a part of, existing business districts", as described in today's NEWS.

This plan calls for the establishment of a "Residence D District" in the center of the town. The matter warrants careful consideration as unquestionably there are areas along our main highways, adjoining business districts, where large single houses are no longer a good investment and could be made to bring a much greater tax revenue if converted to apartment house areas.

It does not appear that the proposed changes imply spot zoning. Any attempt to create spot zoning of areas in residential districts should be discouraged as a matter of general practice but the development of apartment house areas adjacent to business districts seems to be in line with approved housing development.

LET'S STOP AND THINK

No one will deny that the United States government is a great institution; that it has done things that no other government in all history has ever accomplished. For instance, during the fiscal year of 1938 it collected in taxes approximately \$5,659,000,000, which is the largest sum any government ever collected in any year.

That vast sum is just about a fourth of all the world's monetary gold, but despite this unparalleled "expense account" our federal government still operates at a deficit. And anyone who thinks the end is in sight has only to look about him—at new bureau after bureau and at the growing national debt—to realize that the tax burden is going to get heavier.

Perhaps this is an optimist's view, but maybe, after all, that 1938 tax load will be worth all it cost. Certainly it will be if it compels us to re-examine the whole question of the relationship between government and the citizen taxpayer, for the world today seems to be moving too rapidly along the road of greater subordination of the individual to the state. In some lands that subordination is complete; the citizen simply exists for the convenience of the state.

In America things have not reached that point. That approach will be dangerously near, however, if taxation is allowed to advance to a point so high that it will constitute virtual slavery to government.

A good mental exercise right now would be to remember and analyze the oldest truth ever spoken about our 151-year-old democracy—that a democratic government exists to serve the citizen, and that as a general thing it serves him best by leaving him alone.

ARMENIAN CLUB PARTY

At a recent meeting of the executive committee of the Arlington Armenian Citizens' club plans were made for a public meeting to

be held at the Hardy School on March 15. A one-act play entitled "Shuopodatz Dzarani" will be presented as well as an amateur show consisting of piano and violin selections, tap-dancing and singing.

The NEWS OBSERVES

It appears that President Roosevelt's war-like reply to Hitler's speech was somewhat colored by the fact that a member of the French Air Ministry was here to buy United States planes for France. France expects to buy about 600 American planes and Britain, about 500, it is reported. Anyhow, Mr. Roosevelt beamed, the French deal did not involve financing, as the French had "cash on the barrel-head."

Senator Nye charges the President is placing America in "military alliance with France." Events seem to indicate that the President is looking for trouble. Senator Frazier warned the country was "preparing for war, not for peace." Keep an eye on developments in Washington.

There is not the least chance of a world war happening in the near future. That is the firm belief of George Bernard Shaw, distinguished dramatist and author, revealed in an interview with his friends W. R. Titterton for the Rotarian Magazine. If there were, it would have happened in September, 1938, when there was more inflammatory talk and even feeling than there ever was from the Agadir incident to the bombardment of Liege.

"What would happen first in a world war?" asks Shaw. "The airplanes of A, B, C, and D would bomb the cities of E, F, G, and H so effectively that the white flag would be hoisted at approximately the same time in the several capitals, and abject pleas for peace would cross each other in the air." The tragic nastiness of this latest development of warfare is that the attack of the civilian population is absurdly easy, he points out.

"In a war everybody loses, but formerly it was possible for one side to think—for a year or two—that it had won," concludes Shaw. "The single redeeming feature of the next world war, when it happens, is that this will not be possible. In reflecting upon that, perhaps you may find some particle of hope."

Once again Arlington's public works department did a grand job in clearing local streets of snow after Monday's blizzard. This particular snowstorm gave the department a tougher job because of the strong wind which left snow drifts after plows had passed through streets and highways.

All that activity at the Colonial Garage is due to a face-lifting which the establishment is getting. And, it's a safe bet that the powers that be didn't expect the kind of weather when the extensive alterations were started. The hardships should be worth it however because the new entrance will be really worth writing about when completed.

We want to assure "Mrs. Peirce Street" from whom we've received a very interesting letter, that we're not "trying to get away with it" and will surely see that she gets the NEWS every week. In mentioning our recent check-up of the NEWS distribution we hoped to receive such letters from those who really miss the NEWS and are anxious to get it.

W. G. Tenney, veteran Arlington automobile dealer who has been in business locally for twenty years, has opened another new Hudson agency in Marlboro. Our best wishes to "W. G." for continued success.

Representative Edith Nourse Rogers will retain her membership on three important committees namely, Civil Service, Foreign Affairs, and Veterans' Affairs. In the new assignments in the House of Representatives, despite the increase in Republican membership.

County commissioner Charles C. Warren of Maple street was among the newly elected county officials feted at the Somerset last Thursday. The former State Senator was a speaker at the dinner.

The work of the Arlington Health Committee in the fight to stamp out the dreaded tuberculosis, is planned months in advance. It is necessary that the

COMMUNITY FUND AGENCIES SERVING ARLINGTON, SHOWN

That the people of Arlington benefit from the funds derived in the Greater Boston Community Fund campaign is shown by figures given the NEWS by David A. Wilcox, Arlington, chairman for the fund's 1939 drive.

The "main" is now in full swing and is being conducted in support of the 114 agencies and federations, comprising more than 150 hospitals, health and social service organizations which reach out with their services to the people of Arlington and all other parts of the Greater Boston area.

"Arlington will be a better community to the extent that its people are 'better neighbors,'" Mr. Wilcox declared. "We are vitally concerned in this great project, for we benefit immeasurably from the fine in town hospitals, social service and protective agencies which supplement our own local services."

Mr. Wilcox announced some figures showing direct service to people of Arlington by agencies participating in the fund. Last year sick people from Arlington received an estimated 4,875 days of ward care in Community

Fund hospitals and 9,900 treatments in Community Fund clinics, dispensaries and out-patient departments. Mr. Wilcox pointed out. The difference between the actual cost of this care and what Arlington patients paid was a little more than \$23,600, which amount had to be met from Community Fund subscriptions and endowment income.

An actual count shows that 44 Community Fund agencies other than hospitals served Arlington persons last year, according to Mr. Wilcox.

"These figures represent protection and care of children, legal aid, youth and citizenship work, research in the cause and cure of disease and many specialized services available in Greater Boston only through Community Fund agencies," Mr. Wilcox said.

Mr. Wilcox assembled a corps of local volunteer workers in anticipation of the opening of the campaign in Arlington. Seventy thousand workers from all parts of Greater Boston attended the mass meeting which will officially open the campaign Monday evening, Jan. 23, at Mechanics building, Boston.

Severe Storm Fails To Cut Attendance At Evening Classes

Despite the severe storm Monday night, many enthusiastic students attended the evening classes in adult education sponsored by the Arlington Woman's Club, at the senior high school.

Mrs. Lucinda Spofford reviewed four outstanding books: Journals of Bronson Alcott, edited by Orrell Shepard; "Life of Edward Robinson" by H. Hagedorn; "Puritan in Babylon," by William Allen White; and "Listen, the Wind," by Ann Morrow Lindberg.

Prof. Lewis Jerome Johnson spoke on Proportional Representation. Thursday evening, in addition to the two classes in stenography, Law Lectures and Vocational Information for parents, Knitting, Art and Metal Craft, there will be an art lecture, "Landscaping Your Home," by Mrs. Esther Wyman.

Registration has now reached nearly 500.

Rotary Briefs

Captain Sarkis Zartarian, Arlington Rotarian and officer of the Massachusetts National Guard, in a most interesting talk before the local club at its meeting Wednesday, graphically showed why President Roosevelt is justified in requesting huge sums to strengthen this country's air defense.

Captain Zartarian stressed the importance of replacing obsolete coast artillery and anti-aircraft equipment as he described his recent training at Fort Monmouth. He added that any policy which aimed to strengthen this country's air defense was fully justified.

John O. Matthews, principal of Junior High Centre was elected to membership of the club.

Horace Taylor and Clarence Moore gave interesting reports of the mid-winter conference of this Rotary district held at the Statler last Friday.

committee knows the amount of funds available for this work.

As more than one thousand families to whom Christmas Seals were mailed last November have not yet responded to the appeal, it is hoped that those who wish to contribute their financial support to this great work, will send in their Seal money during the remaining days of February so that the Committee can plan its yearly budget.

Women throughout the nation are organizing National Consumers Tax Commission units to combat taxes that increase the prices of necessities and raise the cost of living for their families. In this era of hidden levies, consumers have found that just when they thought they could make both ends meet, some tax came along and moved the ends.

Local Legion Band To Sponsor Another Opera at Town Hall

Encouraged by the enthusiastic reception given the presentation of "Faust" in concert form as a Federal Music Project in Robbins town hall Friday evening, Arlington post 39 American Legion band which sponsored the entertainment will sponsor another similar program within the next two months.

Friday evening's program presented by the State Chorus and Commonwealth Symphony orchestra with Peter T. Bodge as conductor won loud applause from an audience which filled the hall to near capacity. The announcement that "Carmen" or "Rigoletto" would be presented in the near future was greeted with hearty applause.

The program presented Friday proved to be a real musical treat reflecting a considerable amount of preparation. Principals who acted their parts in Gounod's well-known opera were Bruce Norman, Henry Kelly, Martin Albrecht, Louis Pasco, Joan Ruth, Frances Perry and Edna Holmes. They were supported by a very large mixed chorus and an orchestra numbering over sixty.

Officers of the local post band who were in charge are Carl Watts, W. P. Pallanta, H. Patterson, C. Berg, J. Sullivan, Anthony Canatta, director. Ushers were H. Lewis, W. McElaney, R. Wallace and J. Gardner. Others who assisted in arrangements included Sergeant Harold F. Pick, F. Harvey, R. Durling, P. Severance.

The local sponsors expressed their deep appreciation of public support of this operatic program.

Sawyer Writes About Public "Spendomania"

Arthur J. Mansfield, The Arlington News

Dear Mr. Mansfield:

I for one appreciate very much your editorial comment on the Resolutions prepared by our Association and printed recently in the News.

You are absolutely right when you say "The Spending spree cannot last forever" and also when you say "Every taxpayer must pay his share."

If every person who earns or spends a dollar would realize that from 25c to 35c of that dollar was tax money he or she would perhaps look on this public spendomania a little differently.

Every dollar of public spending must be paid for and very largely by the middle or poorer classes for the really wealthy are most of them now paying out in taxes from one half to more than three quarters of all their income and when they die the State and the Federal Government takes a large part of their original capital in the form of inheritance taxes.

Arlington is in good shape even though or because of our high local tax bill. Thanks for this is largely due to our vigilant Finance Committee and the co-operation of our Town Meeting members.

They have their work cut out for them this year also.

Very truly yours,
Charles M. Sawyer

when you place your mortgage. This important consideration is the arrangement of conditions. If these are so arranged that your mortgage will never be a burden to you so long as it exists, you have the right plan. Arlington Royals To Play Dukes Saturday

Not discouraged by any means over their close battle with the strong St. Alphonsus Club, which they lost by a score of 38 to 35, the Arlington Royals basketball quintet are out to win over the Duke Club of Cambridge in a game scheduled for 8 o'clock tomorrow evening at the senior high school.

A preliminary game will be played at 7:30. The game is open to the public.

The Arlington Royals basketball team suffered its second defeat of the season recently losing to the strong Cambridge Y. M. C. A. 56 to 51. The "Y" was in command throughout the game leading at the half way mark 25 to 22 and the end of the third period 31 to 29 from where they built up a substantial lead which the Royals could not overcome. Burke and Lowder featured the Royal attack scoring nineteen and twenty points respectively.

In the preliminary game the Royal Jayvees nosed out the Scituate A. A. 31 to 30 in one of the best game played.

HUGHES-FREEMAN

At a ceremony performed in the chapel of the First Baptist church on January 14, Miss Phyllis Freeman, daughter of Ernest H. Freeman, of 11 Lincoln street became the bride of Arthur W. Hughes, Jr., son of Mr. and Mrs. Arthur W. Hughes of Lexington. Rev. Grady D. Feagan performed the single ring ceremony.

Mrs. John Doane Freeman, of Winchester, was matron of honor and John D. Hamon, of Arlington, was best man. Ushers were John Doane Freeman of Winchester and Freeman W. Frost of this town.

The bride was wearing a turquoise blue afternoon dress with small flowered hat of violets and matching veil. She carried an old fashioned nosegay of pink carnations and sweet peas. Her matron of honor was attired in an afternoon dress of hyacinth blue, made like that of the bride's, on monastic lines, and black straw hat. She carried an old fashioned nosegay of purple violets.

A background of greens against which stood two tall candelabra with white tapers and large bouquets of white lilies and white carnations provided the setting for the ceremony.

Following a reception at the church, the couple left on a trip to New Hampshire. Upon their return, Mr. and Mrs. Hughes will live at 11 Lincoln street.

The bride is a graduate of Bradford Junior College and the Katherine Gibbs School. Mr. Hughes is a graduate of Bentley's School of Accounting and is employed by the Second National Bank of Boston.

JUNIOR WOMAN'S CLUB

Parents' Night will be February 6. Club members are urged to invite their parents to this meeting which will be held at the First Baptist Church on Monday. Living pictures, which proved to be so popular last year, will be shown again but on a different theme.

Worthwhile Project Is Carried on by National Youth Administration

Arlington National Youth Administration boys, working daily on the work shop project at the local police headquarters, are not only doing a most creditable line of work but are receiving a beneficial course of instruction in drafting. The drafting course is given by a competent instructor who is a graduate of M. I. T.

During the past few months the Arlington youths have turned out hundreds of artistic signs of wood and metal for the city. These boys have also made the cement bases for the signs. Excellent workshop training is given these N.Y.A. youngsters in connection with the making of metal signs. Lathes, drills and various kinds of cutting machines are used with much skill by these boys who work at all times under competent mechanics. During the fall season the youths were assigned to highway sign painting and the work performed in painting cross walk signs and school danger signs has been highly praised by local citizens and officials.

A drafting school course, given to the boys as a side line from their regular duties is most interesting and affords these youths a fine opportunity to learn the fundamentals of mechanical work.

The Arlington police station mechanical shop with an abundance of modern machinery, makes an ideal workshop for the boys who had little or no previous training in this particular line of endeavor.

It is the purpose of the National Youth Administration to train these youths in such a manner that they will soon be able to take positions in private employment where they can earn a living that will prevent them from becoming a burden on the community.

Scouts Plan Open House

As a part of its Scout Week activities, Troop 8 will hold an open house on Thursday evening, February 9, at the Orthodox Congregational Church. The troop will participate in the demonstration of first aid, knot tying and other contests, following which sound motion pictures of the high lights of the September hurricane, will be shown.

The troop hopes for a large attendance of parents and friends.

DROUET-VALE

Announcement has been received of the marriage Saturday at Rochester, N. Y., of Martha Lee Vale, daughter of Mrs. Ellen Vale, formerly of Chicago and now residing in Cambridge, Mass., and Richard Noyes Drouet, son of Mr. and Mrs. William C. Drouet of Arlington Heights.

The ceremony took place in the presence of a small group of friends and relatives and was followed by a reception and dinner at the home of Miss Charlotte A. Faber, a teacher in the Rochester High School and a former classmate of the groom's mother at Wellesley College.

The young couple will make their home in Rochester where the groom is engaged in business, having been transferred to that city from Boston last November.

Denounce Patman Anti-Chain Store Measure

The Patman anti-chain store "death sentence" tax bill was unanimously condemned by the Governing Council of the Retail Trade Board of the Boston Chamber of Commerce, as legislation "that would react unfavorably on business and the consuming public."

The Board charged that "any legislation discriminating against any legitimate form of distribution is economically unsound."

The bill, introduced in Congress by Representative Wright Patman of Texas as H. R. 1, proposes taxes on chain stores graduated to a maximum of \$1000 per unit, times the number of states in which the chain operates. According to Rep. Patman, its aim is to destroy the national chain organizations.

Commenting on the action of the Retail Trade Board, president P. A. O'Connell said: "Anti-chain legislation is contrary to the public interest because it is discriminatory and punitive in nature, would deprive consumers of the savings made

possible by efficient distribution, would destroy 30 percent of the farmer's marketing machinery, and would dislocate almost a million chain store employees."

The Board action followed the adoption last week of a similar resolution by the Massachusetts Committee on Consumer Legislation, of which Mrs. Mary D. Learned is chairman, and which consists of representative women in organizations with a total membership of 400,000 in Massachusetts.

"The American Federation of Labor, the American Bureau of Education, the National Association of Real Estate Boards and similar organizations have all condemned punitive and discriminatory measures of which the Patman bill is typical, as arresting the normal

This meeting will be held at the Waltham Field Station. Members taking the course are asked to meet at the Robbins library at 1.30. The speaker will be Paul Dempsey of the Waltham Field Station who will discuss "Soil and Fertilizers." This class is open to all members of the Garden Club and those on the waiting list.

Substantial Progress Reported at Meeting Of Universalist Group

Closing the third year of his pastorate Rev. Robert M. Rice reported at the annual parish meeting of the substantial progress in every department of the church life that had been made during the year 1938, a year in which the church members were confronted with a severe test of their loyalty and faith in the future—and passed that test with a high mark. Evidence of the organization's good health was reflected in the reports of the various auxiliaries. Sincere appreciation of Mr. Rice's leadership was shown by wholehearted applause. And Mrs. Rice, too, was applauded for her varied contributions to the activities of the church.

The report of Treasurer Howard Hawkins showed that the parishioners had given generously of their means to meet the regular expenses of operation and the added burden of the hurricane damage. The Society entered 1939 will all bills paid and approved a carefully planned budget presented by a committee of which Frederick A. Carton was chairman. James O. Holt paid tribute to Mr. Carlton for his valuable services during many years as secretary of the trustees of trust funds from which office he retired with the election of Herbert M. Dutcher. Confidence in the administration of the Society's affairs resulted in the reelection of president Raymond H. Stearns and his fellow trustees. Dr. and Mrs. Robert Cummins of Winchester and Mr. and Mrs. Hector Campbell, 2 Lehigh st., were elected members of the Society.

The meeting had a large attendance and was preceded by a supper served by a committee headed by David L. Peirce with Albert K. Peirce acting as steward.

Universalist Briefs
Twenty-six young people of junior and high school age gathered at the home of Gordon Farrow, 198 Highland avenue. Sunday evening and heard a talk by Eldon Gray who spent four years in Japan.

Under the auspices of the Samaritan Society a military whist will take place in the parish hall this (Friday) evening.

The Patterson Fellowship provided flowers Sunday in memory of the late Rev. Charles F. Patterson, pastor 1923-27.

Mr. Rice provided anticipated interest in his sermon for next Sunday by announcing that he would attempt to answer a question put to him by one of the parishioners as to why there is such widespread prejudice against the Jews among Christian people who derive their religious philosophy from the teaching of a Jew.

A dozen Arlington parishioners were among the 500 Universalists gathered at the First Universalist Church in Lynn Sunday evening to hear Dr. Robert Cummins give his second talk in a series of mass meetings conducted by the Massachusetts Universalist Convention.

Miss Alfreda Mosher of the International Institute of Boston will speak of a recent trip to central Europe at a silver tea given by the Mission Circle in parish hall next Monday at 2 p. m.

David L. Peirce, 18 Davis ave., leaves today for New York to take charge of the Normandie on a cruise to South America under the auspices of the Raymond Whitcomb co.

Looking Inside

(Ed.'s Note: The comments in this column are not to be considered as the editorial opinions of the NEWS.)

Jan. 26, 1939, Arlington, due to increased charges by the State, County, Metropolitan and Elevated deficit is likely to have a \$5 jump in its tax rate to \$40 in 1939. Just how will that effect you? Let me take an example. Suppose that in 1917 when our tax rate was \$25 you owned a piece of property assessed for \$10,000. Your taxes were \$250. Suppose your expenses other than taxes used \$250 more. Your net income if it was rented for \$1000 a year would be \$500. If 5% is a fair rate of return your property would be worth \$10,000 on the assessed value.

In 1937 and 1938 the Tax Rate went to \$35. The income would still remain \$1000 and the other expenses \$250 but your tax bill would be \$350 leaving you \$400 net income which, on the same 5 percent basis would make your property worth only \$8,000. If our Tax Rate does go to \$40 that piece of property would be worth only \$7,000.

Thus you can see how high tax rates and continued valuations effect values. And if you lower valuations that does not help because if that house—and all other property in the Town—was valued as one half of the \$10,000, the Tax Rate would be doubled and the Tax Bill would be the same.

P. S. The quarrel between the Mayor of Woburn and the School Committee in that city has made front page news. Woburn has about 4000 school pupils; Arlington about 7000. The Woburn School Committee wishes to spend \$296,931 to run the schools in 1939 and the Mayor says this is too much. If, however, we here in Arlington use the Woburn Committee's figures, Arlington with three-sevenths more pupils should spend \$519,631 for schools whereas we appropriated in 1938 \$654,000, or \$134,369 too much and 25.8 percent more than the equalized Woburn figure.

The Yodogawa Neighborhood House is described by Kagawa, Japan's outstanding Christian social worker and labor leader, as the best planned and most attractive social center he has seen in any country.

When Miss Cary first went back to Japan under the American Board of Commissioners for Foreign Missions she was a teacher in Kobe and Kyoto, where her close association with Japanese students gave her a thorough understanding of their problems and emphasized Japan's need for social work.

At present Miss Cary is acting secretary in the Foreign Department at American Board headquarters in Boston caring for correspondence with Japan.

Removal of Diseased Tonsils Very Important Local P.T.A. Is Told

The guest speaker at the meeting of the Crosby School Parent-Teachers Association held a recent afternoon, was Dr. James H. Strong, founder and director of the Strong Community Hospital, East Boston. "Our Health" was Dr. Strong's subject. He was presented by Mrs. J. K. Berry, program chairman of the Association.

Dr. Strong said in part: "The cure of heart disease is prevention—no other cure is possible."

"The heart is a pump, pure and simple, with four chambers, two right and two left, connected by valves which open and shut. If anything prevents a valve from closing, that is heart disease and is incurable. When the lower left chamber contracts to send its quota of blood over the whole body, if the valve is partly open, the body receives only a portion, the rest goes back through the partly open valve, back to the upper chamber."

"Two things occur: the body gets less blood—the on-coming supply from the upper chamber is partially blocked by the back flow, and so the heart is embarrassed, has to work harder—the patient gets weak, oppression in chest throbbing of neck vessels."

"Our only treatment is based on lessening the load, and the exertion on the heart, also food restrictions. The three little cords which open and shut the valves of the heart, if they are shortened, they cannot close, and many times, the cause of this shortening is rheumatism."

"What causes rheumatism? Any infection in the body may cause it. 1st, intestines; 2nd, gall bladder; 3rd, sinus trouble; 4th, teeth; bad tonsils." Speaking of tonsils, the speaker said:

"Tonsils in children account for 90 per cent and if we are going to use the cure of prevention—Youth is the time."

"Is the removal of tonsils dangerous, is it necessary? Why should children be subjected to this operation? The answer is to prevent heart disease. A great deal of discussion between doctors has been published—yes and no."

"Is it best to allow your child to grow up with his or her tonsils? Yes, if they are normal. Absolutely not, if he or she has sore throats. This condition is a decided threat which cannot be ignored. You want your child to grow up to be an asset, not a liability. "Every school doctor sends home a report of diseased tonsils. Why? In Canada, the celebrated Quintinlets are under the care of a group of celebrated doctors chosen by the Government and adenoids of all five girls recently. The Government will not take a chance—why should you?"

"Under careful, experienced hands, there is no danger. To encourage timid patients, I will state that in twenty years at the Strong Community Hospital, our records show 100 per cent recoveries. We are wiping heart disease off the face of the earth."

Fashion Hints

By EDITH HINE

How many of you women readers realize the importance of texture of fabrics in choosing becoming clothing? Color and line are almost always considered, but too often even smart women overlook the possibility of minimizing defects of figure and face with fabric. For instance dull textures absorb light, thereby decreasing the apparent size of the wearer, in that they tend to conceal silhouette. Reverse, shiny fabrics such as satin reflect light and tend to increase the apparent size of the wearer because the highlights follow the contour of the figure. Therefore, the large person should avoid these shiny fabrics unless used with discretion, as in a panel down the front of the dress, thus detracting the eye from the width of the wearer and focusing the attention on the perpendicular line.

Transparent fabrics, stiff fabrics, laces etc., all have a definite effect which influences the becomingness of a costume.

Have you heard about the new perfume deodorant which has recently come on the market? It is based on a new principle which seems to be an exceptionally well thought-out one. You match your perfume and your deodorant so that you get a completely harmonious result. In other words, if you were lucky enough to get some of your favorite perfume from a dotting admirer for Christmas, you can conserve it by using a complementary deodorant with it. Clever? And oh yes, there are scents for the masculine members also.

that includes Henry Hull, Slim Summerville, J. Edward Bromberg, John Carradine, Brian Donlevy, and Jane Darwell. "While New York Sleeps", a mystery romance with Michael Whalen, Jean Rogers, and Chick Chandler is the companion film.

Ski Club News Briefs

The third meeting of the Arlington high school ski club was held recently. In all about thirty-five members and seven girls have already signed up for the meet.

A recent evening, Mr. Withersell and twelve members of the Ski Club attended the father and son banquet at the Orthodox Congregational church. The speaker was Ted Hunter, ace skier for the Dartmouth Outing Club and former member of the 1936 Olympic ski team. He showed about 1600 feet of movies taken of the skiing events held in Garmisch-Partenkirchen and in other European countries also their trip to Chile for summer skiing. After the movies, Mr. Hunter gave the boys a few excellent tips on skiing, especially when in competition.

Recently Jack French, Larry Kiely, Dick Hanson and Don Mann went skiing in New Hampshire. No snow was to be found on Temple Mountain, so the group proceeded to New London, where they spent the remainder of the day skiing on a fine open slope. The skiing was excellent.

Girl Scout News

Sixty leaders and council members gathered Friday evening, to sing and dance with Janet Tobitt, Miss Tobitt has published two or three song books for Girl Scouts, Inc. At the present she is working on a publication that concerns festival day entertainments.

Miss Tobitt is a British subject and first became interested in Girl Scout work through her activity with the Girl Guide Movement. She has supervised the Girl Guide singing program and has, also, published song material in Great Britain.

For the past five years she has been connected with the Girl Scout Organization in the United States and has done much to encourage better singing and folk dancing, as a member of the staffs of Camp Edith Macy and Pine Tree Camp.

The Girl Scout Leaders' association met a recent evening. Mrs. Harold Wilson presiding. The regular business was conducted and reports were made by the commissioner, Mrs. Clifford Gleason and Mrs. Paul Power, chairman of the organization committee.

Mrs. Harold Yeames spoke to the leaders about the 110 Calvary Band Concert to be held on Sunday, February 12th in the Town Hall, for the benefit of the Permanent Camp Fund. Mrs. Yeames stated the need for a permanent camp and the hope that the Council might acquire one within the near future.

The meeting closed with simple refreshments, coffee and donuts, and a short social hour for everyone.

Lexington Bugle and Drum Corps was guest of the Arlington Girl Scout Corps Wednesday. Members of the Leaders' Association and Council members were present to witness the presentation of chevrons. Mrs. Clifford Gleason, Commissioner presented chevrons to Barbara Birch, sergeant bugler; Virginia Wunderly, sergeant drummer and Natalie Chick, corporal drummer.

DO YOU KNOW THAT... Bears, wolves, wildcats and deer abounded in the forests surrounding Boston in 1631; bounties were paid for their pelts... In 1837 there was so much public opposition to the building of a railroad from Worcester to Springfield that the owners of the road sent a letter to all churches, asking that sermons be preached on the beneficial moral effect of railroads... The early settlers used beaver skins as currency... In 1622 Weymouth, then called Wessagussett, was settled and became a dispersing point for isolated settlements... The constitution drawn up by Massachusetts in 1780 set a pattern that was followed in the framing of the Federal Constitution... Unitarianism began in America in Boston (King's Chapel) just after the Declaration of Independence was signed...

TABLE TENNIS STARS TO APPEAR HERE FEB. 15TH

Appearing under the auspices of the Arlington Eoys' club, New England table tennis stars will be seen in exhibition matches on Wednesday evening, February 15 at the Robbins town hall. Dean Moore, Director of the club has secured the services of the outstanding table tennis stars.

Heading this array of talent is Les Lowry, holder of the New

England men's singles championship, co-holder of the Eastern U. S. men's doubles championship, Massachusetts closed champion and ranked near the top nationally. Les, who came to Boston a few years ago bringing with him the Illinois State championship, has lived up to his reputation by capturing practically all the major New England championship events. This nineteen year old star has one of the finest offensive and defensive games in the country.

Local Player to Appear
Mrs. Mae Cloutier of Arlington, fourth ranking woman player of the U. S., the highest position yet attained by any New England player, winner of the Massachusetts State Women's title for two successive years, runner-up in the Eastern championships and semi-finalist at the Nationals held at Philadelphia will also compete to prove that women can play on a par with men.

In addition to these two national stars John Holden, ranking Massachusetts player, who is considered by many to have one of the best style games in New England will give these players plenty of competition.

Completing this list of stars is Norman Aronson of Arlington, Mettleville Valley men's single champion and twice winner of the Boston Retail Store championship also a ranking Massachusetts player.

John Wright of the Boston Herald Traveler, president of the Greater Boston table tennis league and a resident of Arlington will be master of ceremonies.

Chief of Police Archie F. Bullock, president of the Eoys Club anticipates a capacity house to view this outstanding sports event.

WITH THE KIWANIS

Plans for the grand prize drawing and bridge party to be conducted by the Kiwanis club at the American Legion hall on February 15 were discussed at the regular weekly meeting in Wyman's tavern yesterday noon.

Report of the club's work during the past year were made by the various committee chairmen. The board of directors also met before the regular luncheon meeting.

Forrest Litchfield, credit manager of the Kelle's Oil Sales corporation, was introduced as a new member of the club.

Renowned Autograph Collector To Lecture Here on February 14

Of all the hunting stories ever told that of "Hunting Big Game With a Fountain Pen" related by Rev. Cornelius Greenway of Brooklyn, New York certainly ranks among the most extraordinary and fascinating. When Mr. Greenway with his vibrant personality and effervescent enthusiasm tells about his adventures in securing the autographed picture of practically every famous person in the last 25 years he never fails to delight his audience.

Many of those who heard Mr. Greenway lecture at guest night of the Woman's Club have already bought tickets for his lecture to be given February 14 in the auditorium of the First Universalist Church. This time Mr. Greenway will illustrate choice items in his famous collection with lantern slides and thus his audience will get an intimate glimpse of the big game captured at pen point. But the "game" was not bagged without a struggle, and thereby hangs the exciting episodes of Mr. Greenway's tale.

At fifty cents the subscription price also includes refreshments during a reception to Mr. Greenway. Tickets are still available at Belden & Snow's haberdashery, 639 Mass. avenue, Arlington Center. The following persons also have tickets: Ernest Hasseltine Jr., 38 Russell st.; Joseph P. McCann, 51 Academy st.; Edward L. Shinn, 74 Florence avenue; Raymond H. CHURCHES OF CHRIST, SCIENTIST

"Spirit" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world, on Sunday, February 5.

The Golden Text is: "Where the Spirit of the Lord is, there is liberty" (II Corinthians 3:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus returned in the power of the Spirit into Galilee; and there went out a fame of him through all the region round about. And he taught in their synagogues, being glorified of all" (Luke 4:14, 15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "There is no power apart from God. Omnipotence has all power, and to acknowledge any other power is to dishonor God. The humble Nazarene overthrew the supposition that sin, sickness, and death have power. He proved them powerless" (p. 228).

800 WITNESS BOYS' CLUB BOXING-WRESTLING SHOW

Eight hundred wrestling and boxing fans witnessed a top-notch show under the auspices of the Arlington Boys' Club at the senior high school Friday night. Professional and amateur boxers

and wrestlers were seen in action with Arlington's Tommy Rawson acting as referee. The highlight of the evening's card however was the boxing exhibition by Robert and William Tobin of the local Boys' Club. Paul Bowser, wrestling promoter, sent over Dave Mann versus Wrestler Young who put on an exciting wrestling match exhibition. Another match which kept the crowd roaring was the novelty bout between Shadow Bardo and Battling Thomas, two fast colored boys.

Professional boxers and amateurs from the local Boys' Club rounded out the program of fifteen bouts. A regulation ring was supplied by the Boston Garden. Those who assisted President Bullock and Director Moore of the club in making arrangements and seeing that everything ran smoothly were Messrs. Rawson, Russell Wise, Harry Smart, W. C. Arlington High Girls' Basketball Teams Win

The Arlington High Girls' basketball season opened recently when they played their first game against Reading. The girls of all three classes, senior, junior and sophomore, came out on top. The Reading players gave a strong fight but nothing held back the Red and Gray. The seniors won with a score of 23 to 20 and Capt. "Pat" Madden, Charlotte Guarante and Helen Dorethy did some splendid work in guarding those "raring to go" Reading girls. Rya Healy scored most of the points and some beautiful shots were basked by Pauline Bullock, Barbara Swanson, Claire Phillips, and Esther Donovan also scored. These senior girls worked hard to keep their score ahead of Reading and although the score was close it was well worked for.

The Arlington juniors also won with a score of 40 to 11. Helen Hamilton was the highest scorer among these swiftly juniors and Eleanor Donovan, "Kay" Powers, and Helen Bartholme also scored for the winning juniors.

The "soph's", showed their ability to win by topping Reading with a score of 19 to 10. Janet Pillsbury was the highest scorer among these sophs. Harriet Seville and Vera Wing, also helped with their basketing to bring the sophs into the limelight. Coach McCarthy was highly pleased with the showing.

Because of interference with its regular club activities, the Boys' club has withdrawn from the Arlington Basketball league.

Mr. Rice headed a large delegation of his parishioners which attended a mass meeting of four hundred Universalists of Greater Boston at the Cambridgeport Universalist Church on Inman Street recently. A ringing address on the safeguarding of religious liberty and the promotion of liberal Christianity was delivered by Dr. Robert Cummins, national superintendent of the Universalist Church, He made it clear that the preservation of democracy in the sphere of religion challenges Universalists to go forward and cast aside every vestige of defeatism. North Shore Universalists heard Dr. Cummins at the Lynn church January 29.

Katharine I. Yerrington is preparing an article on music in the church school for publication in "The Christian Leader".

Past Presidents Are Honored by Fellowship

The Women's Fellowship of the First Baptist Church held its regular meeting a recent evening. It was a distinct honor to have as specially invited guests the past presidents of the Women's Union: Mrs. Joseph Wyman, eighty years of age, the oldest living ex-president; Mrs. Maude Munroe, who was president for fifteen years; Mrs. Charlotte Gilmore; Mrs. Edith Wyman; Mrs. Lottie Smith; Mrs. Allison Stevens; Mrs. Alice Wallace; and Mrs. Ethel Perry, who heads the Union at present. The active leadership of these ladies over a period of years has contributed much of value to the church, and the Fellowship is proud to have them in its membership.

Harry Krueger was generous in his playing of the piano. He chose Rondo Capriccioso by Mendelssohn, Lotus Land by Cyril Scott, and Waltz B flat by Chopin which proved to be most acceptable to his audience.

On account of illness among members of the cast, the dramatization which had been planned could not be presented. However, a brief outline of Judson's life was given by Mrs. Leota Feagan, after which a series of colored pictures illustrating the life and activities of Adoniram Judson was shown—the accompanying explanations being read by Miss Caroline Higgins.
